Meet the visionary behind MM Institutions - Shri Tarsem Kumar Garg who aspired to see students hailing from North India getting empowered with global education so as to have the best start in their life. It was his idea that the best education and infrastructure should be made available to the youth of tier II and tier III cities in North India. Coming from a humble background himself; Sh. Garg dedicated his life to spread the enthusiasm for higher education and professional courses in small towns and rural areas of the region.

To realise the vision of "Education for all", he set up the Maharishi Markandeshwar Education Trust (now known as Maharishi Markandeshwar Trust) in 1993. In a short span of less than three decades, the MM Group of Institutions has grown into one of the most reputed educational groups in the country, which takes pride in its state-of-the-art infrastructure as well as expert faculty. These institutions have widened the horizons of growth and success for thousands of youth and equipped them with a culture of excellence, inclusiveness and social service.
