ONE MAN'S **VISION** REVOLUTIONIZED THE EDUCATION

SH. TARSEM KUMAR GARG

Hon'ble Chancellor, MM Universities

Meet the visionary behind MM Institutions, Shri Tarsem Kumar Garg, whose aspiration was to empower students from North India with global education, giving them the best possible start in life. He firmly believed that world-class education and infrastructure should be accessible to the youth of tier II and tier III cities in the region. Coming from a humble background himself, Shri Garg dedicated his life to fostering a passion for higher education and professional courses in small towns and rural areas. To bring his vision of "Education for All" to life, he established the Maharishi Markandeshwar Education Trust (now Maharishi Markandeshwar Trust) in 1993.

In just about three decades, the MM Group of Institutions has become a benchmark for academic excellence, known for its advanced infrastructure and accomplished faculty. These institutions have empowered thousands of students, nurturing a culture of academic rigor, inclusivity, and social responsibility.

INDIA'S LARGEST CLINICAL ADVANCED SKILL & SIMULATION CENTRE

Spread in an area of 15000 Sq. Ft., this state-of-the-art Clinical Advanced Skill and Simulation Centre has been set up to train Undergraduate and Post graduate Medical, Nursing and Paramedical students and faculty. Maharishi Markandeshwar (Deemed to be University) has spent nearly Rs. 200 Million to develop this centre as one of the largest & most comprehensive Medical Skill & Simulation facilities.

The idea is to provide real-time experience to students and train them to handle complex case scenarios before actually carrying out the same on the patients. For this, the Skill and Simulation facility has Adult Patient Simulator, Paediatrics and Neonatal Simulator, Infant and Child mannequins in virtual Intensive Care Units (ICU), Paediatric-ICU and Operation Theatre modules.

The Centre also has facilities for advanced training in Laparoscopy, Arthroscopy, Endoscopy, Colonoscopy, Bronchoscopy, Urological procedures, Angiography and Gynaecological Procedures and Ultrasound imaging with the help of most advanced Simulation Trainers.

Nurturing Entrepreneurs through Centre for Skill & Entrepreneurship Development (CSED)

Rooted in a strong tradition of research and exposure-driven education, MM(DU) pioneers practical, interactive learning, and skill training to elevate the employability quotient of today's youth.

Leading the charge is the Centre for Skill and Entrepreneurship Development (CSED), an embodiment of our commitment to empowering the next generation. More than just an educational initiative, CSED is a catalyst for the burgeoning startup culture, aiming to fortify technical education infrastructure and instill industry-relevant skills in aspiring entrepreneurs.

The Centre also offers specialized courses in Manufacturing, Artificial Intelligence (AI), and Industrial Internet of Things (IIoT).

PROJECT BASED LEARNING The new age education

MM(DU) focuses on making the students industry ready and bookish knowledge alone is not enough for that. So MM(DU) involves the students in project-based learning; especially the students of Science, Nursing, Computer Applications, Technology and Engineering courses in various significant LIVE projects where they get the opportunity to understand real life challenges and gain by working in the industry-like situations. Project-based learning approach is also followed in Management, Agriculture and Hospitality courses.
